LED DOWNLIGHT WHITE

LED Downlight RW 1

LED Downlight RW 1 is a modern, minimalist lighting fixture. It features a white, circular design with a textured, reflective interior. The fixture is designed to be recessed into a ceiling, providing a clean, integrated look. It is suitable for use in a variety of settings, from residential to commercial.

LED Downlight RW 1 is available in two versions: a standard version and a version with a 32° reflector. The standard version has a beam angle of 32°, while the version with the 32° reflector has a beam angle of 32°. Both versions are available in white and black finishes.

Energy efficiency category: A
