

## SLIDE

Minimal, functional and versatile, the Slide wall light is dual purpose; designed for both decorative and functional lighting applications. With the ability to tilt, rotate and provide two different lighting modes, the Slide is the most flexible wall light we have available. It can be used in any project, for any application.

- High quality aluminium housing.
- Touch sensitive dimming.
- Adjustable up to 90°, with 350° rotation.
- Interchangeable lighting modes – Can be easily swapped between ambient lighting and reading lighting.

**DIMENSIONS** H 124mm W1 50mm W2 155mm
