RADIANT LIGHTING

INNOVATION, EXPERIENCE & RESPECT

Radiant Lighting has been at the forefront of lighting quality, innovation and design since establishing in early 1988. Over three decades on; Radiant Lighting has grown exponentially. Our brands are represented nationally in Perth, Melbourne, Sydney, Canberra and Brisbane; servicing clients with the best in lighting design across the commercial, residential, hospitality and retail sectors.

We are also the exclusive distributor for designer luminaires from leading manufacturers across Europe and the world including Italy, Denmark, Seattle, Germany, Switzerland and Spain; with our showroom and head office in Balcatta featuring a vast range of fittings on display from brands such as Graypants, Fontana Arte, Kundalini, Tooy, Daro & more.

Lighting is not just a product that we sell, it's a way of life. We source the world's most elegant luminaires that we believe will alter the way you perceive the relationship between light and shadow, brightness and colour, style and quality.

LIGHTING DESIGN

DESIGN, CREATE & DEVELOP

Our team of professional lighting design consultants are passionate about creating the right concept for your life and more specifically, your project at hand. We pride ourselves on producing the best possible design solutions for both interior and exterior environments, based on knowledge, experience and exceptional lighting. We work closely with our clients throughout the entire process, identifying the key concepts they want to achieve, staying true to their personal style and still keeping in mind the functionality of the lighting required.

COMMERCIAL

PLAN, DELIVER & SUCCESS

Radiant Lighting's commercial division provides lighting solutions across all commercial sectors, from apartment buildings, offices, retail stores, hospitality projects and many more. This diversity is in part why we are able to plan, procure and deliver projects to our clients with a final product that enhances their investment and derives success.

RESIDENTIAL

STYLE & FUNCTIONALITY

Working closely with architects, engineers, interior designers and landscape designers for over 30 years has ensured that we have a seamless combination of style and functionality across all of our residential projects. We understand the significant role that lighting plays in the home, so we make sure that careful product selection and planning takes place to guarantee that your tailored and exclusive lighting solution is second to none.

RETAIL

CUTTING-EDGE & EXPERIENCE

Remaining knowledgeable of the latest innovations in architectural and decorative lighting from around the world, we have developed a strong portfolio of retail clients both locally and nationally. From small to large scale roll outs, our core values of quality, design integrity, innovation and excellent customer service does not change.

HOSPITALITY

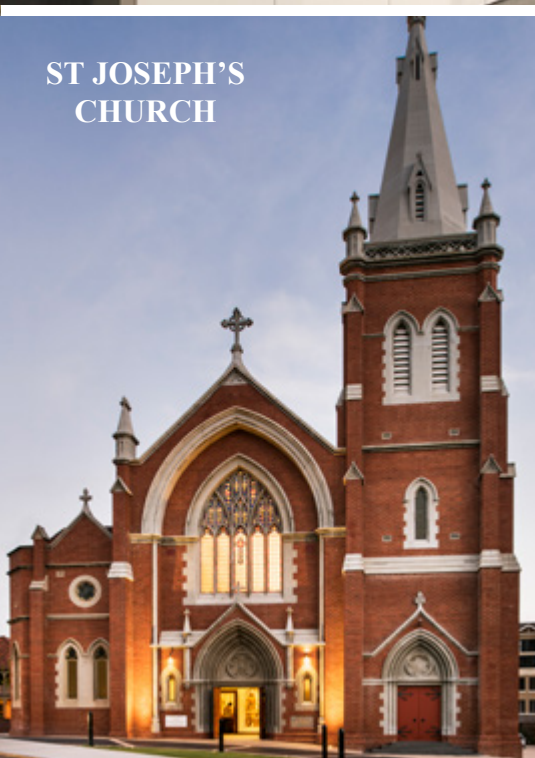

PROFESSIONAL & REMARKABLE

Lighting is the very backbone of hospitality design. We have partnered with many clients in the industry over the years, so we are confident that we have both the experience and the knowledge that meet both the functional and aesthetic needs that come with the hospitality sector.

OUR PORTFOLIO

DEVELOPED & EXPANDING

Radiant Lighting has developed a strong portfolio of clients and projects across Australia.
