Our Suspension Collection Key Features

Quick Connect Canopies

Our suspension collection features quick connect canopies that have been designed for ease and simplicity. These canopies allow for a simple installation process as well as a seamless final look, which compliments the aesthetic of the whole fitting.

Flicker Free Light

Our unique built-in digital flicker free technology eliminates flicker throughout the entire dimming range and minimises low-frequency output ripple currents. This ensures greater efficiency as it also extends the lifetime of the fitting.

Various Product and Baffle Finishes

This collection features various finishes for both the fitting and its accessories, with black and white powder coated finishes for the bodies and black, white and gold available for the baffles.

Silo Suspension

The Silo Suspension has a simple yet sophisticated design, providing endless design opportunities. With various heights and diameters, the Silo Suspension allows you to create unique and dynamic lighting to your space.

Quick Connection System

The quick connection system has been designed for ease and simplicity, allowing a fast and simple installation process. This allows for a seamless design that complements the aesthetic of the fitting.

Advanced Lens Technology

The Silo Suspension features the latest in lens technology, guiding virtually every ray of light emitted by the LED. The lens improves the efficiency of the fitting, enhances visual comfort and dramatically reduces glare.

Slim, Modern Design

The Silo Suspension is designed with a modern aesthetic in mind. Created as a slim and modern lighting alternative for over a kitchen bench, table or in a cluster.
